## Key Updates in SHADE EMR Ver. R7.1 (Service Pack details may vary)

### D Console Enhancements

- Added the ability to apply ICD and Medication items to the Favourites list with support for removal and quick-apply via double tap.
- Improved Smart Filter controls across Diagnosis, Treatment Procedures, and Medications for faster item selection.
- Enhanced Narrative Diagnosis auto-picker for more accurate and efficient suggestions.
- Introduced support for adding Self-Medication entries directly in D Console.
- Medical Summary Addendum now displays the doctor's signature on each entry.
- Launched a new Eye Prescription entry module with an updated Print Review workflow.
- Added an Edit Pad in both External and Internal Reference windows for quick adjustments.

### Nursing Module Enhancements

- Enforced EMR Authorization rules within the Nursing Note & Nursing Order windows.
- Enabled Lab and Radiology print options directly within the nursing interface.

### Front Desk Enhancements

- Added BNPL (Buy Now, Pay Later) as a payment method in the Advance Register.
- Introduced Billing Cross-Ceiling functionality with configurable settings.
- Added an optional **Block EID (Read Emirates ID)** button to prevent overlapping patient information during ID renewal.

### Coding Pane Enhancements

- Added a built-in PDF Compression option for coding documents.
- Introduced a **Pre-Verify** checkbox to streamline coder's review workflow.
- Added a new **Revenue Tracker Summary** dataset for improved financial oversight.

### EMR Security Enhancements

- Improved Two-Factor Authentication with user-specific settings and secret-key reset capability.
- Expanded the number of available Role Presets beyond the previous five-role limit.
- Added user-wise "Printing and Export" permission settings with the ability to apply them at the Role level.

## Test Environment:

If your facility has an internal IT or SOC team, a test environment can be provided for reviewing the Application Security Requirements. To request this, email [support@rits.ae](mailto:support@rits.ae).

## Activation of Optional Features:

Some features are optional and require activation. To enable these:

- Contact [admin@rits.ae](mailto:admin@rits.ae) for quotes and approvals.
- Ensure that your facility has the necessary approvals in place.

Disclaimer: Optional features may incur additional costs and require approval as per the provided quotes.

## Important Notice:

Active Annual Maintenance Contracts (AMC) are required for continual support. For inquiries or to confirm your contract status, please contact [admin@rits.ae](mailto:admin@rits.ae).

Thank you for your continued support. We look forward to working together to enhance your SHADE EMR experience.

Best regards,  
SHADE EMR Team
